

Why Dayspring?

Walk through the door at Dayspring Village, and you simply know. You know that you've entered an assisted living community where your loved ones will be treated with the care they deserve. You know that Dayspring Village is a smaller assisted living community, and your family member will be given personalized care and attention each and every day. And you know that you've finally found a place that will go beyond ordinary – because Dayspring Village believes in the extraordinary.

RELATIONSHIPS MATTER –

and finding an assisted living community where a family member can live among peers they can relate to and build relationships with is essential to good health. Relationships are important at Dayspring Village. The relationship between our staff and your family is important as you make this life-changing decision. The relationships that grow among our residents, many of which blossom into friendships that last for years. And the relationship between spirituality and healing – a relationship based on Christian compassion and excellent care that is the key to Dayspring's mission.

Robie Avenue crosses US Highway 441 just south of SR 46 in Mount Dora.

Dayspring Village of Mount Dora is a Life-Changing Assisted-Living community. We are a faith-based, not-for-profit community that focuses on people not profits. Residents of all faiths reside at our community, which is located in beautiful Mt. Dora just minutes away from Lady Lake, Orlando and Sanford.

DAYSPRING VILLAGE
OF MOUNT DORA

The Dayspring Experience

Here at Dayspring Village, our residents are given numerous opportunities to enjoy life and build strong relationships with new friends. We believe that giving residents these opportunities is not only important for the mind and spirit, but for the body as well. Social interaction keeps us connected, gives us a great sense of belonging and helps us to make a difference to others. Interpersonal relationships are just one of the seven "Life Principles of the Dayspring," by which we live each day.

Dayspring Village offers its residents a variety of amenities to make daily life easier and more enjoyable, including:

- A family-style dining room that serves breakfast, lunch and dinner and is open to the public
- Personal laundry services, linen and daily housekeeping services
- Hair salon
- Senior Fitness Center
- Movie Theatre
- On-site therapy
- Signature Wake-Up & Tuck-In
- Scheduled transportation to medical appointments, shopping and social events
- 24-hour staff, including licensed nurses
- Life Enrichment program

Living at Dayspring Village

Living at Dayspring Village means living a maintenance-free lifestyle. Our 24-hour staff is available to meet your every need. And our life enrichment program focuses not only on rejuvenating and revitalizing the body, but the mind and spirit as well.

Dayspring Village offers its resident four different floor plan options, with each suite including private baths, kitchenettes, walk-in closets and telephone and cable access. Each apartment-style suite comes fully furnished, but we believe that personal touches from home make a huge difference.

THE SUITE FLOOR PLANS INCLUDE:

Studio Suite – The smallest option offers a combined living area and bedroom.

One Bedroom Suite – Offers a separate living area and bedroom and large walk-in closet.

Executive Suite – In addition to the separate bedroom and living area, this floor plan offers a den or optional second bedroom with two closets.

Presidential Suite – Perfect for a married couple, or for the single who likes their space, this floor plan offers the largest bedroom, along with separate living and dining rooms.

Personalized Care

At Dayspring Village, we don't try and make our residents fit our mold – we accommodate to fit theirs. If some assistance is needed with daily activities such as bathing and dressing, then our staff will be there. This personalized care allows our residents more time to pursue other interests. Whether its playing a game of bingo or Wii®, relaxing over a cup of coffee with friends and neighbors, or catching a movie in our theater, our mission is to help our residents lead the fullest life possible.

Dayspring Village is a community that strives to preserve our residents' active independence, even when challenges in life, or the need for assistance, arises.

Dayspring Village is licensed to provide a continuum of care which allows residents to remain longer at Dayspring Village, even as their needs increase, thus preventing premature nursing home placement. This allows your loved ones to remain in a familiar living environment and maintain their friendships.

The personalized care we offer extends beyond our residents to their families as well. We know that this is a difficult time for any family, and finding the right assisted living facility for a loved one is a difficult decision. Our philosophy is to provide support for the families as well as our residents. We help you find financial solutions and we listen as you explain to us what is best for your loved one. This is a huge leap of faith, and you can rest assured your loved one's care is at the heart of our ministry at Dayspring Village.

MEMORY CARE

Our staff understands the special needs that residents with memory impairments may have and are passionate about giving them the quality care they deserve.
